May 2024  
December 2023  
December 2023

## RELEVANT EXPERIENCE

### NYU Infant Action Lab

*Assistant Research Scientist • Department of Psychology • Supervisor: Dr. Karen Adolph*

- Assist with data collection for various studies on infant perceptual motor development
- Designed study to assess obstacle navigation development in infants in caregivers
- Annotate lab videos in Datavyu software for quantitative data analysis
- Manually correct computer vision using Python software for infant footfall data in walking study

**New York, NY**  
Aug 2023-Present

### Weill Cornell Medicine Department of Pediatrics Summer Internship

*Health 4 Life Program • Supervisors: Dr. Jane Chang and Dr. Marianne Sharko*

- Observed appointments in nursery and pediatric and adolescent primary care clinics
- Assisted with program that utilized a multidisciplinary approach to combat childhood obesity
- Created handouts consisting of free and low-cost fitness activities for children
- Coordinated with supervisors to host online exercise class and in-person event
- Presented literature review project on the connection between adverse childhood experiences and obesity

**New York, NY**  
Jun 2023-Aug 2023

### Brain Aging and Sleep Center at NYU Grossman School of Medicine

*Student Research Intern • Department of Psychiatry • Supervisor: Dr. Ricardo Osorio*

- Certified by Alzheimer's Disease Research Center to conduct participant interviews and psychometric testing to assess memory and cognition
- Organized data and tracked participant progress using Microsoft Excel, REDCap, and Epic for studies focused on sleep and cognitive decline in the geriatric population

**New York, NY**  
Apr 2022-Sep 2023

### Academic Visitor Program at The Hospital for Special Surgery

*Host: Dr. Joshua Dines*

- Observed various surgical procedures performed by Dr. Dines in the operating room
- Learned hospital workflow firsthand by communicating with surgeons, physician assistants, and nurses

**New York, NY**  
Jan 2020
